# LIST OF PERIODICALS

(Revised 1978)

## Surveyed for AMERICA: HISTORY AND LIFE and HISTORICAL ABSTRACTS

### DESCRIPTION

This list contains the titles of the periodicals surveyed by the two reference systems of the American Bibliographical Center. Each journal is surveyed for articles on world history for HISTORICAL ABSTRACTS and articles on US and Canadian history for AMERICA: HISTORY AND LIFE. For selection criteria for articles cited, see the scope statements and explanation of coverage in the User's Guides of HISTORICAL ABSTRACTS and AMERICA: HISTORY AND LIFE. The list is arranged in alphabetical order by journal title.

The years of coverage and the code of the country of publication follow the title of the periodical.

Example:

Aconcagua (IHE)	1965-	SP
Archiv Orientalni	1955-	CZ
Bits and Pieces*	1970-72	US
Gakuho	1971	JA
Nuova Rivista Storica	1954-	IT

If no hyphen appears after the date, the journal was covered for that year only. Symbols indicating a special kind of coverage appear

immediately following the titles of some journals:

- (AIA) journal covered through *Abstracts in Anthropology*
- (IHE) journal covered through *Indice Histórico Español*
- \* journal cited with address and scope statement once annually in issue No. 3 of AMERICA: HISTORY AND LIFE or HISTORICAL ABSTRACTS. Individual articles are not cited. An asterisk (\*) and dates of coverage following a journal title indicate that the journal was abstracted for the years listed and is now cited annually with a subject scope statement.

For further information concerning the journals see *Historical Periodicals* (Santa Barbara: Clio Press, 1961), *Ulrich's International Periodicals Directory*, 18th edition, 1979-80 (New York: R.R. Bowker, 1979) and *Irregular Serials and Annuals*, 5th edition, 1978-79 (New York: R.R. Bowker, 1978).
